						I am seeking documents involving the victimized name, James Michael DeWaelsche iii, against all and any federal involvment with Government mind control, and all others unrelated to seek full disclosure of the acts of human cruelty that have been arbitrated on the family and families affected to this individual in accordance with constitutional law. The suspected time frames by which the person affected range from 06/01/1993 to present. My intention is to seek compensation for the personal injuries caused upon this individual to secure a financial security under the basis of operational negligences and abuses of power by private and federal organizations alike that have brought on mental instability and long term incapacitation. Certain traits posed by the arbitrators onto the victim belowLoss of motor functions and control -Total loss of cognitive ability to perform simple tasks -Heavy mood swings and complete loss of control of emotion - Visual and auditory induced thoughts of suicide and homicide -Genital stimulation - Paranoia There is reason to believe involvment at the national level. James Michael DeWaelsche iii accounts for millions of repeated words and phrases directed towards insecurities, unfavorable behaviors, and degradation of cognitive abilities in order to experiment on the psychological conditions of everyday life. There is cirmstantial evidence to believe there is a mass production of subliminal type propaganda, private and public, that are set to target and destroy the civil liberties and constitutional rights we as U.S. citizens were all sworn to be entitled by implementing militarized technologies

This information will help reveal how desegregation impacted black teachers, which can in turn provide information on how to encourage teacher distributing forward. I am requesting annual data on teacher demographics (including race demographics) for teachers in Mecklenburg County, NC from roughly 1950 to 1980. If this is not available, even annual data on teacher demographics (including race demographics) for teachers in North Carolina for this time period would be valuable. Denial; no records I have applied for visitor visa from Delhi, India but it was refused. I want to know under which section it was refused. My son is US citizen can he apply for my green card because I am totally depended on him. I am 62 years old now living all alone in India. Denial; no records a copy of the following documents or documents containing the following information: Form MA00 Form I130 Form MA00 Form I130 For safety and legal protection, we need to sequester telephone calls from Securus Technologies and a municipality in Frankfort KY where a constant regiment has been used to destroy all privacy and civil liberties. It is very disturbing here from the composited rendition. Hopefully, we can investigate to cease this assimilation and ideological warfare.
